## Class Description

**Vinyasa**- focuses on connecting the breath to your movements, which tend to be set at a faster pace involving more dynamic movements, less static holds than a hatha class. Develops proprioceptive awareness and balance.

**Yoga Sculpt**- A full body workout that fuses the fundamentals of yoga and aerobic weight training. This high energy class works all major muscle groups

**Spin@**- Increase your cardiovascular fitness with high intensity intervals, endurance, strength, and recovery periods.

**Strength & Mobility**- focuses on functional movements to help increase strength, muscles and joints.

**Mat Pilates** - Focus on practicing the foundational classical Pilates movements including posture awareness, core strengthening, flexibility and breath.

**HIIT** - High Intensity Interval Training, training that involves short bursts of strength and cardio exercises followed by brief recovery times.

**Body Sculpt**- Low intensity weight training that focuses on full body exercises and great for all fitness levels!

**Cardio Boxing**- Cardio/strength class that incorporates boxing and develops stamina, speed, coordination and body control. It is recommended to bring your own gloves.

\*Classes end 5-10 min early to allow time to clean and sanitize the studio and equipment.
